Wage Determinations OnLine.gov

Providing public access to federal wage determinations and related information.

WDOL.gov is part of the Integrated Acquisition Environment, one of the E-Government initiatives in the President's Management Agenda. It is a collaborative effort of the Office of Management and Budget, Department of Labor, Department of Defense, General Services Administration, Department of Energy, and Department of Commerce.

Conformances Under the Davis-Bacon Act

Contracting Officers may submit completed SF1444 Requests to the Department of Labor via regular mail (address to U. S. Department of Labor, Wage and Hour Division, Government Contract Wage Determinations, 200 Constitution Avenue NW, Washington DC 20210;

OR

Contracting Officers may submit completed SF1444 Requests to the Department of Labor via email. Please scan the completed form and all supporting documents into a 'pdf' file and attach to the email. Include the Contracting Officer's name, address, telephone, and email address.

Submit the email to: [email address for conformances- to be announced by DOL]

The U.S. Department of Labor (DOL) issues wage determinations under the Davis-Bacon Act (DBA) using available statistical data on prevailing wages and benefits paid in a specific locality. On occasion, the data does not contain sufficient information to issue rates for a particular classification of worker needed in the performance of the contract. Because of this, DBA provisions contain a **conformance procedure** for the purpose of establishing an enforceable wage and benefit rate for the missing classification.

Contractors are responsible for determining the appropriate staffing necessary to perform the contract work. Contractors are also responsible for complying with the minimum wage and benefits requirements for each classification performing work on the contract. If a classification considered necessary by the contractor for performance of the work is not listed on the applicable wage determination, the contractor must initiate a request for approval of an additional classification along with the proposed wage and benefit rates for that classification.

The awarded **Contractor** initiates the request by preparing an SF1444, Request for Authorization of Additional Classification and Rate, at the time of employment of the unlisted classification. (*Reference FAR 22.406-3 and 52.222-6(b), and Title 29 CFR Part 5, Section 5.5(a)*). The contractor completes blocks 2 through 15 on the form. Request may be submitted to DOL without the form, but must contain the required information.

Employees, if present, or their designated representative must sign block 16 noting their concurrence or disagreement with the contractor's proposed wage and benefit rate. If the employee indicates disagreement with the contractor's proposal, he must provide a statement supporting a recommendation for different rates. ("Designated representative" is generally a union. It cannot be the contractor's personnel officer or other contractor representative.)

The Contractor submits the request to the **Contracting Officer**. The Contracting Officer reviews the request for completeness and signs the form designating the contracting agency's concurrence or disagreement with regard to the contractor's proposal. If the Contracting Officer indicates disagreement with the contractor's proposal, a statement must be attached supporting a recommendation for different rates. The Contracting Officer then submits the proposal with all attachments to **DOL for approval**. The Contractor is obligated to pay the proposed wage and benefit rates pending a response from DOL.

Checklist for DBA Conformances:

- a. The classification must be appropriate for the contract work, and must be a classification that is utilized in that locality by the construction industry.
- b. The contractor cannot propose a new classification by combining job duties from two or more existing classifications on the wage determination, or propose a new classification that performs only part of the duties of an existing classification.
- c. The proposed classification cannot be a "trainee". Generally, a proposed classification of "helper" will not be approved. Under DBA provisions, a "helper" will not be approved by DOL unless the contractor establishes in his proposal that a "helper" is an established industry area practice.
- d. The proposed wage rate for the new classification should generally be no lower than the wage rate of the lowest skilled classification on the determination.
- e. Conformance requests should not be submitted for exempt classifications (project managers, full-time supervisors, professionals such as engineers), nor for classifications other than "laborers or mechanics" employed on the site of work, as covered by DBA.
- f. The proposed rate should bear a reasonable relationship to the wage rates listed on the wage determination. The proposed fringe benefits should be the same as listed on the wage determination.
- g. The **contractor must** attach a brief job description to each SF1444 request submitted for classifications that are not generally known and utilized in the construction industry in the locality. The contractor should include all pertinent documentation that supports his request for approval of an additional classification.
- h. If the contractor has further questions about a conformance process, he/she may contact the nearest Regional Office of the U. S. Department of Labor, Wage and Hour Division (see DOL's website in the [WDOL.GOV Library](http://WDOL.GOV)).
